

Uttarakhand artisans face severe market access barriers, despite surging macro-economic demand for sustainable, handmade products.

Artisan Ecosystem Vulnerabilities

Geographic Dependency: Heavy reliance on local fairs and fluctuating tourism.

Value Extraction: Middlemen drastically reduce direct artisan earnings.

Cultural Attrition: Traditional crafts face declining market visibility.

Market Demand Drivers

Consumer Shifts: Rising national demand for authentic, handmade products.

Ethical Purchasing: Accelerating trend toward sustainable consumption.

Digital Adoption: Unprecedented growth of regional e-commerce logistics.

Strategic Objective: Connect Uttarakhand artisans directly with customers nationwide.

The \$4.5B+ Indian handicrafts market lacks a dedicated platform focused on Uttarakhand cultural preservation and artisan storytelling.

Competitors	National Reach	Exclusive Uttarakhand Focus	Direct Artisan Support	Cultural Storytelling
Amazon Karigar				
Flipkart Samarth				
GoCoop				
Jaypore				
Pahaadi Roots ★				

Pahaadi Roots resolves the friction between fragmented rural artisan supply and the premium urban consumer demand for authenticity.

The platform operationalizes the 'Every Product Has a Story' USP through a comprehensive, end-to-end e-commerce architecture

Unique Selling Proposition: Every Product Has a Story

Beyond commercial viability, Pahaadi Roots drives systemic socio-economic impact to establish the definitive trust layer for Uttarakhand crafts.

Vision: Become the most trusted platform for authentic Uttarakhand handicrafts.
